

### Red Eva Rubber Pads with Cling Foam

“Raybone” is a large-scale Eva Rubber Pads manufacturer and supplier in China. We have been specialized in Eva Rubber Pads for about 20 years. As one of our standard products, Red EVA Rubber Pads With Cling foam, has competitive price advantage and cover most of the European and American markets for glass industry. We are looking for agents/distributors all over the world and hope for the mutual benefits from the

long-term cooperation.

### Product Description

“Raybone” Red EVA Rubber Pads With Cling foam has good performance and been popular as normal production and packing material in glass industry in China as well as other places. Glass, windows, doors and mirrors are fragile. “Raybone” Red EVA Rubber Pads With Cling foam are easy to be removed cleanly, yet adhered securely to architectural glass, auto glass, furniture glass, stone, windows & doors, during transporting, packing, storage and installation. Setting between the glass, the pads can absorb vibration, maintain position and prevent breakage.
